

HONDA

The Next Generation Honda Lawn Mowers

LI-ION

HRX-BE 1.5kW

- Honda e-Select Drive™
- 4-in-1 Versamow System
- NeXite® Deck
- Blade Stop System
- Two Battery Bays

Professional level performance, cut quality, and service.

Introducing all-new, battery-powered, walk-behind lawn mowers from Honda. This lineup delivers superior quality, durability, reliability, and exceptional professional-level performance—matching the premium Honda gas-powered lawn mower models they replace.

Honda motors offer the **same power and torque as our GCV series engines**, so there's no compromise with a Honda battery-powered mower. They're ready to tackle the toughest mowing conditions!

All models feature the **MicroCut® Twin Blade System** with four cutting surfaces that result in ultra fine clippings for superior mulching and more clippings per bag.

Honda battery-powered lawn mowers are fully supported by our nationwide network of servicing dealers and they're engineered and built with **serviceable motor components** that help increase mower lifespan and save money.
